Selectmen's Meeting

SPECIAL ANCHORAGE

Selectmen conferred with Ralph Eustis concerning their effort to have the U.S. Coast Guard establish a Special Anchorage in Mattapoisett harbor. The request dates back to 1980 when Selectmen were informed by Eustis of the requirement by federal authorities that lights are required in mooring areas unless this Special Anchorage area is established and marked on charts. The area would allow boats of not more than 65 feet in length to moor without anchor lights and signals. A channel would be established in the center of the anchorage area. This would not change much in the harbor which has always had a channel and anchorage areas but what it would do, according to Mr. Eustis, is "take the liability off boat owners anchored and puts it on the boat owner coming in".

Another advantage is that it identifies the anchorage area on charts so that a visitor, coming into the harbor at night for the first time, knows from the chart that boats are anchored without lights.

Eustis told the Selectmen that he could foresee no reason for anyone to oppose the application since all of the advantage is to boat owners anchored here.

A public hearing on the Special Anchorage for Mattapoisett harbor will be held Thursday, February 3rd, at 7:30 p.m. at the Mattapoisett Town Hall.

Representatives from the United States Coast Guard will be present to hear opinions of property owners bordering the area, potential users of that anchorage and other interested persons. Questions concerning this public hearing should be addressed to Mr.

TELEVISION AND THE FAMILY-FRIEND OR FOE?

What a fair and sometimes haunting question that can be asked by all of us. How many hours is that T.V. turned on in a week; who actually sits and watches the programs; what types and qualities of programs are selected?

Dr. Anne Presser, who does psychological testing and evaluating, individual and family counseling and is a child psychologist, will address these very questions. Mark your calendar now for Monday evening, February 7th, at Old Hammondtown School in Mattapoisett. At 7:00 there will be a brief Parent-Teachers' Club meeting followed at 8:00 by Dr. Presser's presentation. The program is free; all are invited. Refreshments will be served.

Dollars for Scholars

Residents of Marion, Mattapoisett and Rochester have reactivated the Dollars for Scholars Program to serve the needs of area students pursuing post-secondary education. Dollars for Scholars is an autonomous, community-run program that raises funds for scholarships. It is affiliated with the Citizens Scholarship Foundation of America, a nationally recognized organization which originated in Fall River, Mass. and now exists in more than 33 states.

Under the direction of Mrs. Donna Wileczka, a steering committee was formed to investigate the possibility of a new Dollars for Scholars Chapter in this area. The steering committee was successful in generating enthusiasm and interest in the three towns. On Monday, January 17th, the first official meeting of the Board of Trustees was held at Old Rochester Regional High School. The following people were elected officers of the Board: John Lafreniere, President (Ro-

The following people also will serve as voting members of the Board: Andrew Santos (Marion); Andrew Mendes and Charles Drayton (Rochester); Kenneth Pease, Michael O'Brien and Donna Wileczka (Mattapoisett).

In addition, there will be student representation on the Board with voting privileges. Because Dollars for Scholars represents the three towns, scholarship eligibility applies to any student resident regardless of the high school attended. With this in mind, the student members on the Board will include individuals attending the many schools serving the three towns. Student involvement on all levels will be critical to the success of the program. The student organization will be under the direction of Becky Tinkham of Mattapoisett.

Community support is essential for the success of this much needed program. Anyone interested in knowing more about Dollars for Scholars or in volunteering their time or services should contact members of the Board of Trustees.

The Board will meet again on Monday, January 24th, at 7:30 p.m. in ORRHS Library.

future opportunities for Mass. Freeze Advocates to participate in a carefully planned nationwide network of the democratic process. Though Congressman Studds, Senators Kenney and Tsongas are strong freeze proponents, it is important to remember the enormous leverage and money that opposing groups have with congressional committees, and we need their help in addressing this issue.

We are particularly interested in linking with members of Educators For Social Responsibility, Physicians for Social Responsibility, or any other freeze constituency in the 10th Congressional District who will participate in the planning process for this event.

"State of The President"

Editorial, D.C.J.

Runners have a point where they "hit the wall" in the race. Presidents do also. The second "State of the Union" message must be their toughest trial. They have finally comprehended the immensity of the wall at the same time as they are committed to stand before the country and read some speechmaker's words which claim they can do something about it. Two years is such a short moment in time. President Jimmy Carter was elected to reorganize and streamline the whole federal government. At the end of two years he had located this government, found it firmly in the hands of his own party, discovered that he was alone in the desire to change anything, so he gave it up. He played cupid at Camp David pouring U.S. treasury into the Israeli/Egyptian romance hoping that the peacemaker image would win him a second term. It did not.

President Ronald Reagan was elected on the promise to cut taxes, bring the budget into balance and reduce the federal debt. As he "hits the wall" he finds the debt past a trillion dollars, a figure no one can comprehend. Worse than that, seven trillion dollars has been contracted for to be spent in the near future and the Congress is adding to it daily.

Reagan either can grapple with that or he can start now to think up new taxes (new more attractive names for the same) and begin to run for re-election.

The United States has a strange system.

We consider the Presidency and the Congress so separate that it doesn't matter who is in control of either. Time and again, when the public is fed up, a President is elected and elected from a different party than the one that controls Congress. No one ever holds Congress responsible for the "State of the Union", so, invariably, Congress is in the control of the same party. Maybe it doesn't matter. Congress is famous for stymieing Presidents of either party.

In the parliamentary system, the election is of a whole party to control all of the government. When the public is fed up it throws out the entire party. I don't know if it works any better but for a period it gives an opportunity for the leader to function to attempt to do something.

As President Reagan hits his wall, he has 2 years left in his term. He can begin now to campaign for re-election or he can come to grips with a 1 trillion dollar debt and climbing. Since no one could tell him how much this amount is, much less what to do about it, he will probably do the predictable thing. We expect our presidents to be the David of Camp David and Goliath awaits at the gate. A President is only one man with only two full years to function. By the time he sees the whole of Goliath, it's time to run. What would you do - run, or grab your sling shot and go to the gate?

We wish to publicly thank Lt. James Santos and Patrolman Kenneth Sylvia for their patient and able instruction in CPR this past week.

There is something that has been eating away at me. I have not seen anything written about it, pro or con, and I can't understand why. In my position, I was not sure if my opinion should be brought out; but I can stay silent no longer.

total dedication to what he was doing and his concern for the young people with whom he had been charged to educate.

Being a teacher, in the true sense of the word, is a very difficult job. You must not only have the knowledge in your field and the ability to communicate it to someone else, but the patience of Job. There are students who are not interested in enriching their lives with education. There are students who are disruptive to the educational atmosphere. There are students who are heard for their noise rather than their substance.

Steve Brown is not perfect. I am not perfect, and I am sure that most of you feel the same about yourselves. Steve Brown is a dedicated teacher and educator who has touched many young lives. When my son is old enough to enter the Junior High School level, I would want him to be educated by a man like Steve Brown. When I was in school, there were those few teachers who would help you grow and mature by introducing you to educational experiences outside the classroom. At some expense of money and time, they would bring their students to plays and museums and other events. Steve Brown is one of those types of educators.

In my business, if someone is disruptive, obnoxious, or crude, and is disturbing the well-being of others, I remove that person. This I do to the relief and thanks of the

CHILDREN'S VACATION ACTIVITIES

The New Bedford Whaling Museum (Old Dartmouth Historical Society), 18 Johnny Cake Hill, New Bedford, will sponsor two workshops for children during the February 21-25 school vacation.

The first workshop is titled Whales. Children, grades 1 and 2, will be introduced through a variety of media to the subject of whales and their characteristics. They will be encouraged to express their concepts in written and pictorial form.

There are three sessions to this workshop, February 22, 23, and 24. Each session will be from 9:30 a.m. to 11:00 a.m.

The second workshop is called Whaling Scenes. (A piece of cloth or a T-shirt will be needed for the second session.)

There are two sessions in this workshop, February 23 and 24, which will be held from 9:30 a.m. to 11:00 a.m.

For further information on either workshop please call the Whaling Museum at 997-0046. Registration is limited to ten children for each workshop; the fee is $5. Note; Only a few openings remain in Workshop I.

Marion Mothers' Club

COLLEGE AID TO STUDENTS

Marion Mothers' Club meeting January 12th chaired by Selectwoman Betsy Parks proved both enjoyable and informative. College financial aid, a subject important to many parents in a tightening economy with rising tuition costs, was discussed at length. Guest speaker Mrs. Daphne Hubbard from the Educational Opportunity Center outlined programs and methods instrumental in financing scholastic programs. Parents with teenage children approaching college entrance age should explore the various options for obtaining funding. Funds are available and a key person to check with is your high school guidance counselor for financial aid applications. For more information contact the financial aid office at the school you plan to attend, your local bank, and the Educational Opportunity Center, Outreach Office, at 106 Spring Street, New Bedford; telephone 996-3147.

Rochester Youth Hockey

Rochester Youth Hockey teams have seen plenty of action in Cape League and tournament play the past few weeks.

In league play, Rochester's Mites won 8-0 over Lower Cape and 4-1 over Barnstable. Josh Hedges played well in net in the Lower Cape game; Jason Medeiros making a fine showing in goal against Barnstable.

In Squirt action, Rochester's RAC Services won their 8th game of the season 4-1 over Bourne, to maintain their first place standing. Scott Hartley was solid in goal for his 8th league win.

In the PeeWee Division, Rochester's Campino's played Lower Cape II to a 2-2 tie, Lower Cape having to come from behind, scoring their second goal with 40 seconds to play. Lower Cape II is undefeated in League play. Derek Alves played well in goal for Rochester. Tom Dias scored both goals for Rochester.

Bantams II and III had byes this week and are scheduled to return to action against Barnstable on Saturday.

Rochester's Mites and Squirts played in the 3rd annual Donahue Memorial Tournament sponsored by Sandwich at the Gallo Arena during the week of January 10th.

The Mites ended with a 2-1 record and tied for first place in their division, but missed going into the championship round as their only loss was to Sandwich, who also had a 2-1 record. The Mites had victories over Provincetown, 4-3 (in overtime); and 7-1 over Braintree. Their loss to Sandwich was 4-3 (in overtime). Rochester's Squirts won their division with a record of 3-0, recording wins over Bourne (5-1); Provincetown (2-1); and Abington (3-1). They advanced to the championship round and lost 3-0 to undefeated Canton, Rochester coming out runner-up in the Squirt Division. Congratulations to both our Mites and Squirts for their fine showing.

The Lloyd Center

GUIDED WALK THROUGH SALTMARSH

Join the Lloyd Center staff for a guided walk through the saltmarsh on Sunday, January 30th, at 1:30 p.m. The Lloyd Center for Environmental Studies, 430 Potomska Road, South Dartmouth, is the starting point for weekly walks which focus on a variety of natural history topics.

On January 30 the group will explore at close range the plant and animal inhabitants of the saltmarsh. Although this narrow zone between water and upland appears dormant for the winter, there is still a good deal of continuing life and evidence of activity. The group will examine this evidence and discuss the non-living factors, such as tides and wind, which influence ma marsh organisms. Please dress warmly.

Weekly walks at the Lloyd Center are open to the public and are free of charge. If you plan to attend this walk, please call the Center at 990-0505 as group size will be limited to 25. Walking trails at the Center are open from dawn to dusk 365 days a year; the Center building is open from 9-5 Tuesdays through Sundays.

ARTISTS BEING SOUGHT FOR LLOYD CENTER

The Lloyd Center for Environmental Studies is seeking artists interested in exhibiting their work at the Center. We are sponsoring four art shows in 1983. Artists are encouraged to send slides or photograph prints of their work no later than February 2 for viewing by the exhibition committee. All slides and photographs will be returned.

In 1982 the Lloyd Center sponsored two art exhibits. The first featured four local photographers; the second the drawings of Bill Shattuck. Over 1200 people viewed these exhibits. We invite artists to submit their

Zeiterion

The Washington Ballet will perform several classic and contemporary works Tuesday, February 8th, at 8:00 p.m. at the ZEITERION THEATRE.

The program consists of: Double Contrasts to "Concerto in D minor for Two Pianos and Orchestra" by Francis Poulenc; Pas de Quartre a reconstruction of Jules Perrot's original work to music by Cesare Pugni; The Sleeping Beauty, Grand Pas de Deux to Peter Tchaikovsky's composition of the same name, and Fives to Ernest Bloch's "Concerto Grosso Number One for String Orchestra".

Artistic Director Mary Day and her assistant and resident choreographer Choo San Goh have assembled a company of dancers "that meet the complex needs of contemporary works and brought them around the corner in its breathtaking race toward national stature," (Washington Star). "The Washington Ballet is in a class by itself." (New York Times). "To know where the future of ballet in this country is coming from, this is one place you must look." (Washington Post).

Miss Day has nurtured the company out of the Washington School of Ballet which she founded in 1944. In 1976 she combined the school's classical training with the best contemporary works to create a unique ensemble. Enter Choo San Goh, then a dancer and promising choreographer with the Dutch National Ballet since 1971. His works have been commissioned by the American Ballet Theatre, the Houston, Pennsylvania, Boston, and Joffrey ballet companies, the Dance Theatre of Harlem and the Alvin Ailey Dance Company.

Zeiterion Film Series

The ZEITERION THEATRE will present six outstanding films in its upcoming spring season. The series starts with Woody Allen's EVERYTHING YOU WANTED TO KNOW ABOUT SEX * but were afraid to ask on February 4th and 5th. The film also stars John Carradine, Lou Jacobi, Gene Wilder, Tony Randall, Burt Reynolds and Lynn Redgrave.

On February 18th and 19th the Zeiterion presents Liza Minelli and Joel Grey in Bob Fosse's CABARET, an exquisite recreation of 1931 Berlin just before the rise of Hitler. Liza plays American expatriot Sally Bowles, an entertainer in Berlin's decadent Kit Kat Club. It is an outstanding musical which won eight Academy Awards, including Grey for Best Supporting Actor as the Emcee.

Later in February, on the 25th, 26th and 27th, children and adults alike will enjoy "flying" with Walt Disney's delightful PETER PAN. It is a story about the ever-present child within all of us, and Never Never Land seemed so close. Joining Peter Pan will be a Cartoon Festival.

Judy Garland and James Mason bring in the new month with A STAR IS BORN on March 11th and 12th. Judy plays a young actress rocketing to stardom, while her husband (James Mason) is fast on the decline both professionally and personally. Ms. Garland's performance is most riveting when she sings "The Man That Got Away".

Later in March, on the 18th and 19th, Humphrey Bogart and Ingrid Bergman star in CASABLANCA. This Hollywood legend tells of wartime refugees gathering in Morocco to obtain scarce exit visas to Lisbon. Can you ever forget the final sequence at the airport?

SMU Lecture Series

"Women's Studies: The Academic Revolution" will be the subject of a free, public lecture at Southeastern Massachusetts University on January 27th at 4 p.m. in the South Lounge of the SMU Library.

Professors Barbara R. Jacobskind and Margaret H. Miller of the SMU English Department will discuss the development of feminist scholarship over the past decade and its impact on institutions of learning. Ms. Jacobskind will report on her sabbatical research about the major women's studies programs in the United States. She will talk about an innovative project in redefining the canon of American literature in light of women's studies research.

Margaret Miller's interest is in how feminist scholarship has challenged the content and methodologies of the various disciplines. She will also describe research being conducted in various centers for research on women.

After earning degrees in English literature at UCLA, Stanford, and the University of Virginia, Margaret Miller joined the SMU faculty in 1972. Although her field of specialization was initially in the 19th

She is presently director of curriculum for the women's studies program and a participant in the Mellon Seminars at Wellesley's Center for Research on Women.

Barbara Jacobskind earned her Ph.D at Brown University in American literature, particularly the 19th century. She was one of the creators of the SMU women's studies program and served as its director from 1978-1981. She has been active in the New England Women's Studies Association and was a member of the board of directors of the National Women's Studies Association.

The Weekly "Buzzard"

MATTAPOISETT HISTORICAL SOCIETY NOTES

Back in 1890 "THE BUZZARD" was a local newspaper issued every Saturday for 10 weeks in the summer. It was advertised as the only summer newspaper published in southern Massachusetts and promised the news from Mattapoisett and Marion would be most complete; however, it would be on sale in Mattapoisett, Marion, Nonquitt, South Dartmouth, Fairhaven, Rochester, Onset, Buzzards Bay, and Monument Beach. Its cost was 5¢ a copy or 40¢ per subscription. The editor was George S. Berry, Jr.

"THE BUZZARD" reported the goings and comings mainly of the summer population of these towns, had columns of advice and bits of information about local places

As one would guess at this time - some 93 years later, the ads in the newspaper

Dance for Heart

"Sunday, February 6, is 'Dance to Your Heart's Content Day in Hyannis'", announced Congressman Gerry Studds, local Dance for Heart Honorary Chairman. On this day an estimated 200 participants will be dancing at the Ballet and Dance Arts Center of Hyannis, beginning at 2:00 p.m. to benefit the American Heart Association.

"One of every two deaths in America is caused by heart disease or stroke," said Congressman Studds, "and we want to fight cardiovascular disease not only by raising money for research and education, but to show people by example that exercise dance is fun and helps promote cardiovascular fitness."

The Ballet and Dance Arts Center of Hyannis is the first studio on Cape Cod to sponsor this nationwide event. "The support and cooperation from the community has been fantastic," said Mrs. Valerie Buck, Director of the Dance Arts Center. "Radio WCOD personality Mr. Ray Brown will be on hand to kick off the event. Local business and civic groups have generously donated prizes and refreshments. Also, many dance-exercise instructors from other studios and fitness clubs have volunteered to assist on the day."

On Sunday, January 30, beginning at 1:00 p.m. the public is invited to to an open house at the Ballet and Dance Arts Center to obtain heart health information, sign up for free dance class, see a fashion show and mini-dance performances.

Pledge forms for the event are available at the Ballet and Dance Arts Center, 210 Yarmouth Road, Hyannis, or your local Heart Office, 175 West Main Street, Hyannis.

Nuclear Power- Both Sides

SMU SCHEDULED LECTURE ON NUCLEAR ENERGY

The pros and cons of the "No Nukes" controversy will be discussed in a lecture at Southeastern Massachusetts University on February 1 by author Jennifer Trainer, who co-edited a current book on the subject: "Nuclear Power: Both Sides".

Her talk is set for 7:30 p.m. in the Recital Hall (Room 153) of the College of Visual and Performing Arts (Group VI) Building. It is free and open to the public.

Ms. Trainer will present the best arguments for and against nuclear power, as she did in her book. The book, edited in collaboration with Associate Professor of Nuclear Physics Michio Kaku of the City College of New York and published by W.W. Norton and Company, has been praised for its objectivity. William E. Simon, former secretary of the treasury, called it "a clear and balanced presentation of the complex issue of nuclear power. Recommended reading for those who want to hear both sides of the story and who prefer to make up their minds on the basis of facts rather than emotion."

Facets of nuclear energy that she will talk about include radiation hazards, waste disposal, safety, and nuclear economics.

Although she has a national reputation and has taken part in radio and TV talk shows in Los Angeles, San Francisco, and Cleveland, she has roots in this area. She attended Middleboro High School and studied journalism at Tufts University. She has written for both the New Bedford Standard-Times and the Boston Globe. Ms. Trainer now works as a science editor for Simon and Schuster in New York City and for M.I.T.'s Technology

Review.

She will autograph copies of her book after the lecture.

The talk is sponsored by the SMU Society of Physics Students.

"Godspell"

"GODSPELL" HAS MANY MAGIC MOMENTS
a review by George W. Hayden

With a decade behind it "Godspell" offers its youthful cast a lively and rewardingly entertaining vehicle to display their wares. The simplistic John Michael Trebelak retelling of The Gospel According to St. Matthew should delight the new generation of family theatergoers.

Stephen Schwartz's rock opera serves nicely as showcase for new faces. This revival at Boston's Charles Playhouse mixes some excellent entertainers with others of less energy. B.J. Jefferson was terrific in her belting of "Bless the Lord". Her nightclub singing style brought the house down. As Jesus, James Weatherstone was low key and convincing. With his Judas, Rich Hebert "All for the Best" was zesty and showmanlike. Mr. Hebert was an exciting, although not consistent antagonist. Watch out Oliver Reed and Alan Bates, there's a new boy on the block.

Harvey Zuckerman gave the most comedic performance and delivered a standup "We Beseech Thee". Also funny in Totie Field's style is Debra Hauptman, although "Turn Back O' Man" could have been professionally stronger.

David Thomas Hampson sang "All Good Gifts" with trained voice. Most disappointing, however, was the lack-lustre Lanie Marrella rendition of "Day by Day", the hit song of "Godspell".

Stephen De Angeli's direction was nimble and imaginative, needing a little tightening here and there. Costumes by Reet Pell were flower child bright, and there was most complimentary musical direction by Patrick Vaccariello.

On stage "Godspell" remains charming and more captivating than the Columbia Pictures film version. Entertainment assured through February 20th at the Charles.

Sales Workshop

PERSONAL SELLING WORKSHOP AT SMU

A workshop on "Personal Salesmanship" aimed at helping business and salespersons increase their sales ability is scheduled for February 9, 16, and 23 at Southeastern Massachusetts University. All three sessions will run from 6:30 to 9:30 p.m. in Room 007 of the Campus Center, Building V.

Co-sponsored by the College of Business and Industry and its Small Business Development Center (SBDC), the workshops are designed to help sales directors and salespersons understand, acquire, or improve on the skills necessary for successful personal selling. The workshops will be taught by John Scanlon, president of Scanlon Associates, Fall River. These workshops are subsidized by the SBDC; therefore the cost for the three sessions is only $30 per person and includes all materials. If, for any reason, the class should not be held, fees will be refunded.

For further information on registration call Clyde Mitchell at 673-9783.
